L'AZIENDA

THE COMPANY

Fondata nel 2007, Daken S.p.A. si specializza nella produzione di accessori in plastica per veicoli commerciali e industriali attiva in vari settori, tra cui l'Antincendio.

Founded in 2007, Daken S.p.A. is a company specialized in the production of plastic accessories for commercial vehicles, operating in various areas, including Fire Fighting.

Al fine di raggiungere alti livelli di qualità e di soddisfare le esigenze del mercato, nel 2021 Daken si amplia introducendo un'area interamente dedicata alla produzione di prodotti in metallo per l'automotive e l'antincendio, con una linea completa di taglio, piega, saldatura, puntatura e verniciatura.

In order to achieve high levels of quality and to meet the needs of the market, in 2021 Daken expands by introducing an area entirely dedicated to the production of metal products for the automotive and fire-fighting sectors, with a complete line of cutting, bending, welding, spot welding and painting.

Il fine è quello di offrire ai propri clienti i più alti standard di prodotto e una vasta possibilità di personalizzazione, dalla scelta delle misure, al progetto ed alla tipologia di finitura.

The aim is to offer its customers the highest product standards and a wide range of customization options, such as the choice of size or the color.

Oggi, Daken è un'azienda affermata e fortemente competitiva, presente in circa 60 Paesi nel mondo, con un grande obiettivo: offrire prodotti di qualità ad alto valore aggiunto, caratterizzati da funzionalità e design "Made in Italy", prestando massima attenzione alle esigenze del mercato.

Today, Daken is a well-established and highly competitive company, operating in about 60 countries worldwide, with a major goal: to offer quality products with high added value, characterized by functionality and "Made in Italy" design, paying the utmost attention to the market needs.
